

Technology Leaders

Apple Distinguished School

PLC Perth was one of the first schools in Australia to introduce an individual laptop programme and our cutting-edge integration of learning technology into the classroom continues to grow from strength-to-strength.

At PLC, students start using technology as part of the curriculum from Pre-Kindergarten, where iPads are shared between students until they enter Year 1 where the girls have individual iPads.

In Years 5 & 6 students use iPad Pros before they are introduced to Macbook Air laptop computers in Senior School.

PLC is an Apple Distinguished School, a title shared by just one per cent of schools and universities across the world.

Our ILT services include:

- 10Gb AARNet Internet Link (equivalent to UWA)
- Two-year rotation of Apple Devices with Apple Care +
- Winthrop Onsite Hardware Technician for all hardware repairs
- Fleet of devices for loan
- Full onsite software support
- Training available for staff, students and parents for educational technologies
- Fully integrated curriculum
- Apple Distinguished Educators (2) of only 42 in Western Australia.
- Apple Teachers Recognition
- Enterprise infrastructure with 24/7 access to online learning resources
- Monitored internet filtering on campus
- Tech Angels in Junior School and Senior School with a Technology Captain
- eSmart Schools Framework
- Innovation Centre with 3D Printing, Robotics, Coding and AR Goggles for all classes.
